GENERAL ASSEMBLY .- In the Schate, on Friday, Mr. Robinson, from the Committee on Roads, &c., reported House bill in relation to the Alexandria Canal and Railroad Company, which was ordered to be printed. The bill familiarly known as the consolida-

tion bill was, on motion of Mr. Mercier, made the order of the day for Saturday at 1 o'clock. Mr. Lee stated that he had from the inception of the bill opposed it, but after consulting his constituents he found that a majority of them differed with him upon the subject, and desired its passage, hence he would vote for it

when it came up. The bill changing the manner of appointing inspectors of tobacco, was recommitted, and the bill amending and re-enacting the "fence law," was made the order of the day for Tuesday. It only provides for allowing county courts, which have already once considered the question, again to do so, and where the people of any magisterial district desire, court may now so order it.

In the House of Delegates, Senate bill authorizing the issue of certificates in the nature of coupons, in anticipation of the semiannual interest on registered bonds, and authorizing the use of the same coupons of interest in payment of the public dues, was referred to the Committee of Finance.

Among the bills ordered to be engrossed was the House bill repealing the Alexandria law providing that the mileage of members shall MORE SERVICE THAN ANY OTHER IN USE. be regulated by the nearest mail route, and leaving it as regulated by the Code.

House bill to abolish the office of Adjutant General as being no longer necessary, the State being under the military control of the United States, and all the State militia disbanded, was

rejected. The House bill providing that when the court is sitting for the trial of a person charged with felony, \$3 50 shall be charged by the clerk, whether the court sit more than one day

or not, was ordered to be engrossed. House bill to provide for the erection of the statue of Jefferson, at the University of Virginia, was ordered to be engrossed.

Senate bill appropriating \$10,000 in aid of immigration, was passed by. House bill for the same purpose was also passed by.

A PISCATORY INUNDATION .- Yesterday morning the villagers of Neenah and Mena sha were greatly astonished at the report that the numerous mills and manufactories that line the races were compelled to stop work .--Such a thing as the water failing here, coming as it does directly from Lake Winnebago, never was heard of before, and the cause of such an unlooked for effect was earnestly sought. And here the most wonderful phenomenon we have ever been called upon to chronicle was made manifest. Our reporter, who furnishes the facts, hastened to the race in Neenah, where he was told by millers who had investigated the matter that the water wheels were unable to revolve, because they were clogged with fish. Unwilling to believe such an absurd statement, he proceeded to investigate for himself, and with the following result: Commencing his investigations at the cotton factory, and going from thence to the extensive Batic Print Works on the race, our reporter found the flumes and entire race alike filled with fish .-All the races in Neenah and Menasha, and assortment of both branches of the Fox river, were literally CHANDELIERS filled with fish, to the exclusion of the water, which was thrown back by this great fish dam till the banks were in danger of everflowing .--As soon as the news spread, thousands of people flocked in from the villages and country to see the strange sight. Oshkosh and Appleton furnished their share of visitors .- Neenah, Wisconsin, Times, April 2.

PERSONAL SECURITY AT THE SOUTH .-- It is idle to disguise the fact that a very large portion of the Northern people are dissuaded from migrating to Virginia and the South by the fear of personal injury. Those who do come tell us that this is so, and express surprise at the good order and perfect security which obtains. A Mr. L. C. Tibbetts, who resided here for the last four or five months, a na ive of Maine, is, we observe, lecturing in vario. us parts of the North, presenting the advantage's of the country and climate around Frederick sburg, and is doing a good deal to dissipate the prejudice that exists on the question of person. I security.

Several gen lemen visited Fredericksburg quite recently, who said Mr. T. had offered to present either of them with a farm if, after their arrival here, they could find one instance in which a Union man had received any harm, in body or estate, by reason of his political opinions. One of these gentlemen jestingly reasonable terms. remarked that he didn't see how he was to get a farm from Tibbett's, unless he turned in and killed off soom one, himself, and laid the crime at the door of a Southern man—an Old

Those who know how to attend to their own business, and who do not come here to taunt and workmanlike manner, and revile, are welcome immigrants. - Fredericksburg Herald.

BRIGANDAGE. - The authorities of Rome are | dec 1 now dealing rigorously with brigandage. Bands of one hundred and one hundred and fifty brigands, perfectly organized and equipped, and provided with abundant supplies, overrun the country, plundering, burning, and slaughtersacking ingsolated houses, levying contributions on villages, and carrying off the better class as hostages for exorbitant ransoms. Among those recently seized by the robbers was Signor Pauicci, formerly Governor of San Lorenzo, and th price of his release was fixed at twenty thous and crowns.

A NEW CURE FOR WHOOPING-COUGH. -A discovery m. de by a French physician has been put into a ractice in the orphan asylums.
The invention is a liquid called gazeol, which is said to produce remarkable results in whooping cough. A teaspoon ful of it is placed in an one of the series of open vial, which is put in to a water-bath always kept at the same tempe, ature. Children suffering from the whooping-co. ugh are taken

STROLOGY. THE WORLD ASTONISHED

At the wonderful revelations made by the Great Astrologist MADAME H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from deleful events, catastrophes, crosses in love, loss of re-lations and friends, loss of money, &c., have be-come despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursne, and in what you will be most successful, causes speedy marriages and STATIONARY AND PORTABE DROP tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament-the mal-fic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, St. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness qualities of Gunpowder, Imperial, Young Hyenclosed, sent by mail on receipt of price above mentioned.
